INTERNATIONAL OFFICE

Mobility Unit

3 OPEN POSITIONS

ABOUT

The **Mobility Unit of the International Office** is part of the Vice-Rectorate for Learning and Internationalization and is the central hub for managing and facilitating european and global initiatives, partnerships, and exchanges. Its primary focus is to foster internationalization within the university community by supporting students, faculty, and staff in their pursuits of international mobilities. It oversees functions such as international student services, study abroad programs, international partnerships, collaborations, and cultural exchange events.

AS AN INTERN YOU WILL

- Assist local and international students
- Help in the administration of the Erasmus+ programme
- Support in the search for new partner universities
- Prepare activities for international students integration
- Organize and accompany international events
- Edit web content and manage Social Media promotion
- Use MoveOn as a database

YOU ARE A GREAT CANDIDATE IF YOU

- Are proficient in English and Spanish
- Are motivated to work in a dynamic team
- Have group leadership skills and are proactive
- Like to work in an international environment
- Have visual skills for design

INTERNATIONAL OFFICE

Networks Unit

1 OPEN POSITION

ABOUT

The **International Networks Unit** is part of the **International Office** and is responsible for managing the various alliances and bilateral and multilateral agreements that the University maintains with different institutions, organizations, and associations. Through these partnerships, international experiences are fostered among participating institutions to encourage student mobility and other forms of collaboration.

AS AN INTERN YOU WILL

- Manage communication for the International Association of Jesuit Universities (IAJU).
- Support the coordination and follow-up of international projects.
- Collaborate on communication strategies to enhance the office's visibility.
- Assist in the logistics and organization of international events.
- Create content and manage social media in both English and Spanish.

YOU ARE A GREAT CANDIDATE IF YOU

- Community building
- Preferred degrees related to communication
- Final years of undergraduate degree.
- Advanced command of English (Most of the work will be in English).
- Good writing skills in both English and Spanish.
- Interest in team work.
- Dynamic and innovative attitude.
- Interest in learning and leadership skills.

INTERNATIONAL OFFICE

Magis Program

1 OPEN POSITION

AS AN INTERN YOU WILL

- Management, coordination & development of the Magis Exchange program of the Jesuit universities (coordinating, recruitment of resources, selection processes of incoming students to the program, maintenance of the website, evaluation and design of strategies for the proper functioning of the program).
- Design & implement an accompaniment & training program for the liaisons of the 35 Jesuit universities part of the program, so that the dimension of service & personal transformation is latent in the experience of each student participating in the Magis Exchange.
- Selection of students who will participate each semester in the Magis Exchange program worldwide.
- Management of the incorporation of new universities to the program.
- Management of international projects.
- Creation & curation of content for communication channels (Newsletter, social networks, etc).
- Content management for the program's website.
- Creation and construction of the first Magis Alumni event.
- Support for international mobility programs.
- Supporting the International Office in the management of the Erasmus program.

YOU ARE A GREAT CANDIDATE IF YOU

- Preferred degrees related to communication in final years of Bachelor.
- Advanced command of English (most of the work will be in English).
- Good writing skills in both English and Spanish.
- Interest in team work, in learning and leadership skills.
- Dynamic and innovative attitude.

QUANTITATIVE METHODS

2 OPEN POSITIONS

ABOUT

The **Department of Quantitative Methods** is composed of a multidisciplinary team of teachers and researchers of contrasted quality accredited by Quality Evaluation Agencies nationally and regionally.

This team carries out very intensive research work, which results in high scientific productivity published in top-tier journals. Among the research lines of the department are found: the analysis, segmentation and short-term and long-term forecasting of temporal series; and the development and application of new methodologies related to the field of intelligent computing and artificial intelligence, in order to resolve real problems in the field of social sciences and economics.

AS AN INTERN YOU WILL

- Participate in the outgoing research projects (European, USA and Australia)
- Development of dashboards (power BI or similar) from result databases
- Dissemination of the project results
- Collaborate in current publications

YOU ARE A GREAT CANDIDATE IF YOU
