Call for the assignment of traineeship periods abroad
Erasmus+ International Student Mobility

Academic year 2026/27

The second call for the assignment of internship periods abroad under the Erasmus Traineeship 2026/27 program is now available.

Pursuant to this second call, the following changes are made compared to the call published on 14 May 2026 (the changes are highlighted here):

Art. 2 – Application requirements

- EU and non-EU citizens who for the academic year 2025/26 or the academic year 2026/27 are regularly enrolled[1] in a course of study at the University of Pavia (bachelor's degree, master's degree, single-cycle master's degree, specialization school, Ph.D., I and II level university master's degree) can apply.

Art. 6 – Selections and rankings

- The merit score will be calculated based on the academic activities included in the degree programme that have been completed and recorded in the student's academic record by 10 August 2026.
- The merit score is calculated by applying the following formula:

weighted average exam grades	x	ECTS acquired / ECTS due[2]

Paragraph "Mobility period" (Annex I)

- The period must be carried out between 1 February 2027 and 30 September 2027.
- The internship period can last between 2 and 8 continuous months, based on what has been agreed with the host institution.

1 Students are considered duly enrolled if they have paid their tuition fees and university charges and, if they are non-EU nationals, hold a valid residence permit. Applicants can check their enrolment status through the Reserved Area (after logging in, select "Segreteria" and check for the green indicator under "dettaglio iscrizione" for the relevant academic year)

2 Credits due are those provided for by the course of study, up to the year of the course in which the student is enrolled for the academic year 2025/26 inclusive, standardized as follows:
- 60 credits for each year of regular enrolment following the first
- penalty of 30 credits for each year of non-regular enrolment

Paragraph "Economic contributions" (Annex I)

- The funding will initially be awarded for a maximum of 6 months, even in the case of a mobility of longer duration.

The new deadlines and time windows for application, selection and undertaking the mobility period are also defined here.

All the other provisions and procedures indicated in the announcement remain unchanged.

Those who have already been awarded an Erasmus Traineeship mobility period for the academic year 2026/27 cannot apply for the second call, unless they have already renounced this period.
